

AI Security Checklist

Zenout Labs product library

Small business backend checklist for secrets, forms, access, logging, and backups.

What it sells

A compact security workflow that saves setup time and gives the buyer a simple decision system.

Starter files

Security checklist, Endpoint notes, Access inventory, Fix tracker

Free hook

Publish a useful calculator, checklist, or CSV sample. The paid kit should feel like the organized next step.

Next action

Make the listing, attach the files, write a short FAQ, and improve the kit from the first buyer questions.
